

Director's Desk

Shree Hanuman Vyayam Prasarak Mandal, Amravati was founded as a National, Social, apolitical and educational organization in the year 1914. Pre independence activities of the Mandal were appreciated by National Leaders including Mahatma Gandhi and Netaji Subhash Chandra Bose, who had personally visited and witnessed the Mandal and its activities. The legacy of fore fathers was taken ahead by the second generation of leaders of organization. The vision was youth empowerment and the nation building along with the emphasis on physical fitness and physical education of the youths, national integration and international relations of like minded stall wards of various nations. The Mandal has recognized the knowledge power for the nation building. Accordingly at the dawn of 21st century, mandal ventured into technical education, to prepare the youths for the knowledge driven economy and information technology revolution.

College of Engineering and Technology, Amravati was established in 2002 to impart quality technical education. All necessary infrastructure and technical man power in the form of faculty and staff is provided to cater the needs of quality education. The outcomes of the efforts are distinguishably visible in the form of becoming one of the best institutes of the region. The students are excelling with Gold Medals and University top rankings, faculties improvement in qualification in terms of P.G. and doctoral qualifications, their technical exposures are evident in terms of publications and patents.

The accreditation of courses by National Board of Accreditation confirms the quality of education in the institute in short span of the decade. The institute is able to gain the trust and confidence of the stake holders of the technical education i.e. students, parents and authorities. The institute does not produce only qualified professionals but the individuals with befitting attributes of character and strength. The institute takes special effort for physical fitness of students by making available all the facilities of HVP like swimming pool, gymnasium and play fields. Special training is given to girl students like self defence and yoga classes. Enrollment of large number of girls in institute speaks of the trust bestowed by the parents in discipline and safe environment in campus. The Green Campus initiatives like Solar Plant, Rain Harvesting, No vehicle day, Eko-lin, Tree plantation show our commitment for environment too. We assure, we will make our best efforts and strive hard to accompanish the mission of quality technical education for potential technocrats and professionals with human values to serve the society.

I wish all the best

Dr.S.P. Chendke
Vice President HVP &
Director, COET, Amravati.

Shree Hanuman Vyayam Prasarak Mandal has a glorious heritage of 100 years. It has become iconic symbol of discipline, dedication and result orientation. We, the College of Engineering and Technology, Amravati are proud to be part of this glory.

Technical Education, in particular, has become highly demanding in terms of expectations of stake holders. The budding professionals need to acquire the set of skills alongwith information and knowledge during the tenure of course of study. Shree Hanuman Vyayam Prasarak Mandal's College of Engineering and Technology has designed and evolved the systematic pattern of education, teaching-learning processes, co-curricular and extra-curricular activities to inculcate the desired attributes in potential technocrats and professionals. Accreditation of various courses, postgraduate level of programmes, doctoral & post graduate faculty, Gold medals and merit rank holders at University, placement of students etc. speak of our achievements in short span of a decade.

Educational technology has permeated all areas of life. Our endeavour is to integrate technology & its range of application 'throughout the classroom' in an attempt to improve the quality of learning instruction. Modern Teaching strategies, provision of student enrichment unit, recognition of various student learning styles and culture of academic support create a special learning community.

We have clear vision and educational objectives to accomplish our mission. We envisage disciplined, Knowledgeable, deliverable professionals with competency in core areas of subjects and integrity in character befitting to serve the society at large and they should be able to live quality life in future. We appeal to parents and the students, who will be the pillars of the nation to take full advantage of the infrastructure and the facilities available here, at H.V.P.M.'s College of Engineering and Technology, Amravati and make their future career bright'.

Wishing you all the best!

(Dr.A.B. Marathe)
Principal

Principal's Desk

Approvals and Affiliation

Approved by AICTE, New Delhi, Government of Maharashtra, Director of Technical Education Maharashtra State, Mumbai, Permanent Affiliation of S.G.B. Amravati University, Amravati, Recognised under section 2(f)&(1298) of the UGC Act 1956

First Year Engineering

Mr. Sarang V. Khond
 Associate Prof. & Head, First year Engg.
 Ph.D.(Pursuing), M.E., M.B.A.
 More than 23 yrs. Industrial & Academic experience.

The first year engineering department is committed for imparting the students the basic knowledge required to pursue their engineering education. Basic first year Engg. subjects include Engineering Drawing, Electrical Engineering, Engineering Mechanics, Computer Science, Engineering Physics, Engineering Chemistry, Mathematics & Workshop.

Department is committed to maintain quality of education and discipline among students.

Many engineering associated activities are also undertaken through this department like consultation for building and construction, electrical energy audit, electrification and maintenance of HVPM campus, fabrication and maintenance of steel furniture, desk and benches etc.

Remedial classes taken for slow learner students.
 Mentorship scheme: For 20 students, one mentor is assigned Extra efforts for personality development & skills imparting.

Electronics & Telecommunication

Course was accredited by National Board of Accreditation
Financially supported by AICTE, New Delhi for Modernisation
Faculties are associated with INUP Project, IIT Mumbai.
Department is equipped with Latest IOT & VLSI Lab

Dr. V. L. Agrawal
Asso. Prof. & Head, Electronics & Telecommunication,
Ph. D, M.E

Electronics and Telecommunication has brought revolutionary changes in all walks of life. With the technological revolution, Electronic Tele-communication and Networking equipments being used today have become cheaper, faster and better and also created immense opportunities for young engineers. The Communication has become very essential part of daily life. Effective communication is also an essential component for excellence.

Department of Electronics and Telecommunication Engineering was established in 2002. The department offers under graduate and post graduate courses in Electronics and Telecommunication Engineering. The total intake capacity for the department is 60 per year for undergraduate course and 24 per year for post graduate course. Department recently established VLSI & IOT Lab under the grant from CSR & MODROB.

The department is having well qualified and experienced faculties for the overall developments of the students. Department is equipped with all required academic facilities with advanced equipments.

Computer Science & Engineering

Course was accredited by National Board of Accreditation
Department is equipped with PARAM Shavak Super computer

Dr. Anjali B. Raut (Dahake)
Prof. & Head, Computer Science & Engg.
M.E, Ph. D.
More than 23 Years of Teaching
& Research

"We cannot always build the future of the youth but we can build our youth for future"

The holistic approach of our department stimulates innovation amongst student by inspiring ingenious ideas with different perspective, creative thinking and strong conviction to achieve true success. Department of Computer Science and Engineering was accredited by National Board of Accreditation (NBA) which has put a golden feather in our cap. HVPKM College of Engineering & Technology is the first in the region to bring PARAM Shavak Super Computer, which has brought us one step ahead in this techno generation.

We are maintaining the outstanding results through merits and by consistently achieving the gold medal from last many years. Department encourages all students to participate in variety of co-curricular and extracurricular activities such as paper presentation, workshop, project competition, inter-university competitions like Avishkar.

Industry training programs; Workshops; Grooming Session from various professionals for student and staff. An international tour of faculty to various abroad universities is conducted to enhance interaction with outside world.

The department has well qualified, young, dynamic and dedicated faculty members and supporting staff that helps students to realize their goals in life and show the way to achieve it. The laboratories are adequately equipped with state-of-art facilities. The department has nine laboratories with 400+ P-4 computers with latest Softwares, Software tools and utility for developing various applications for E-commerce, Internet Technology, Animations, Multimedia, Robotics, Expert Systems, Artificial Intelligence etc.

Information Technology

Dr. Ranjit R. Keole
Associate Prof & Head, Information Technology
Ph.D., M.E.
More than 16 years of Teaching Experience

Information Technology is an engineering division, which concentrates on the study of utilizing computers and telecommunications in order to control, gather, store and circulate information. Both software and hardware sectors are parts of Information Technology. The I.T. curriculum shares fundamental courses of computer science and engineering syllabi and mainly focuses on new paradigms of the IT industry i.e. Software management, software engineering, information security, testing and high-end technologies. The course is designed to provide skill set for the role of a leader in the IT industries. Several Industries are associated with Information Technology department with well qualified and experienced faculty and also talented and eminent personalities from corporate are working as the part of department. The facility of PARAM Shavak super computer is also available for researchers. Department has well equipped and spacious laboratories and to fulfill the demand of competitive world department is having a special lab for industry internship to work on live projects from industry. After graduation students will have the skills needed to work in the fast-changing and very exciting world of Information Technology and these skills will ensure that students will be at the forefront of this vibrant and rapidly developing sector. Department is constantly maintaining outstanding result through university merit rank and encouraging the students to participate in variety of co-curricular and extracurricular activities such as paper presentation, workshop, project competition, Inter university competition like AVISHKAR, HACKTHON.

Mechanical Engineering
Department is equipped with latest 3-D Printer facility

Mr. S. V. Nimkarde,
Head, Mechanical Engineering

Mechanical engineering is the discipline that applies the principles of engineering, physics, and materials science to the design, analysis, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the design, production, and operation of machinery. It is one of the oldest and broadest of the engineering disciplines.

The engineering field requires an understanding of core concepts including mechanics, kinematics, thermodynamics, materials science, structural analysis, and electricity. Mechanical engineers use these core principles along with tools like computer-aided design, and product life cycle management to design and analyze manufacturing plants, industrial equipment and machinery, heating and cooling systems, transport systems, aircraft, watercraft, robotics, medical devices, weapons, and others.

Youngest Department of college is having the blend of young, Energetic, experienced and dynamic faculties, who channelise their core competencies to develop the technical skills set of budding Mechanical graduates of this institute in collaboration with experts from industries of identified sectors, where students having great career prospects and growth.

SWIMMING POOL

An Olympic standard international Swimming pool of size 50 m X 21m – 13 m X 21 m diving arena with filtration cum chlorination plant.

HEALTH CENTER

Modern health centre with conditioning Hall and figure control section. It has various modern health apparatus and equipment like sauna Bath, Steam Bath, Vibrator, Cycle Exerciser etc. The college also has one Aerobic Centre.

AUDITORIUM

The college is having an air-cooled auditorium with sitting capacity of 200.

GIRLS HOSTEL

The Girls hostel is having 21 rooms. The hostel intake is of total 80 Girls.

Play Grounds in the College Campus

Solar Plant installed at College Premises

Facilities			
 PARAM SHRAVAK : HIGH PERFORMANCE COMPUTING. Future Technologies : Artificial Intelligence, Big Data Analysis. Specifications: PARAM Shavak configuration with one HVidia K40 accelerator & Workshop/Training on Parallel computing (4days)	3D PRINTER Future Technologies : Additive manufacturing technology, flexible manufacturing system, . Specifications: Divided by Zero Adducraft Q2500 Double Extruder Build size: 200x250x200 Supported file format: .stl, .obj work on Windows and MAC OS with USB, SD card, WIFI connectivity, inbuilt camera for build status	INNOVATIVE & BEST PRACTICES - Virtual Class Room - Language Lab - SETU (Students E-Tech Service Unit) - LAPTOP Scheme (Life Long Assn. through Plantation of Trees and Outreach Prog.) - Idea Incubation Cell - Entrepreneurship Development Cell 50 Mbps Lease Line (Internet) - Earn and Learn Scheme - SOLWP Solar Power Unit - Solid Waste Management System - Plastic Compaction Unit - Blank Paper Bank - Rain Water Harvesting - Zero Discharge Unit - Red Ribbon Club	Hostels The institute has hostels for girls inside the campus with following facilities: - Spacious Mess - Indoor Games - Recreation Center - Telephone Other Common Facilities in the Campus - Co-operative Store - Co-operative Bank - Garden - Milk Dairy - Canteen - Post Office
 INTERNET OF THINGS (IOT) Future Technologies : Automated Automobiles, Robotics, Automated Systems Specifications: IOT Trainer Kit DS Board, Gateway, Router, set of Sensors, I/O configured for programming, DC motor, stepper motor etc.	Library and information center (LIC) The Library and information center (LIC) has been catering to the needs of the students, research scholar, faculty members and staff members of Graduates and postgraduates courses of the Institute. The LIC is well equipped with large number of textbook, reference books, periodicals, journals and newspapers. The library is automated with SOUL2.0 Library Software Keeping in view the importance of research in the education, the library has provided access to more than 45,000+ full-text e-Journals, and 97000+ full-text e-books through J-Gate, Proquest, DELNET, National Digital Library (NDL) MUST Programme Apart from this, library excellent with Book Bank (Economically weaker and Scholars students), Sufficient stock of text and reference books, National journals, Inter library loan facility, Archived volumes of journals.		
Sports & Games The College today has various sports facilities within campus. 1) Olympic standard swimming pool 2) Outdoor & Indoor play facilities for Cricket, Basket Ball, Hockey, Volley Ball, Table Tennis, Chess etc. For all sports and games trained coaches available. About Shree Hanuman Vyayam
Prasarak Mandal, Amravati.

Indoor Stadium

Open Stadium

Shree Hanuman Vyayam Prasarak Mandal, Amravati was founded in 1914 by Ambadas pant Vaidya & Anant Krishna Vaidya. It is a voluntary organization founded during our freedom struggle to instill in youth the spirit of patriotism & to propagate ancient indigenous system of physical culture & sports. The members of the Institute had played significant role in the freedom movement of our country. Mahatma Gandhi, Subhashchandra Bose, Dr. Rajendra Prasad, Pt. Motilal Nehru, Smt. Indira Gandhi & several other national leaders had visited institute & praised its contribution in propagation of Indian culture, games and sports. The multi-facility sports complex of the Mandal spreads over well developed area of 125 acres of land. It is a unique private institute having sports complex with National and International standard. It has great tradition/ reputation and considered to be a centre of excellence in physical education.

H. V.P. Mandal also received "Best Institution Award" for the year 2002 from Govt. of Maharashtra and recently the executive Committee of the NAAC has accredited H. V.P. Mandal's D.C.P.E. at "A" Level. This Year UGC, New Delhi and Govt. of Maharashtra have granted full Autonomy to the D.C.P.E. This is first Physical Education Institution in the country to get Autonomy. Approximately 2000 boys and 600 girls from all over India take admission in physical education courses every year. Similarly 1500 Children & Youth complete different summer training courses including Athletics, Swimming, Yoga, Archery, Horse riding, CDF, CIS Skating & also table Tennis, Basketball, Cricket, Lawn Tennis etc. Amravati is a divisional headquarter. It was known in ancient times as "Indrapuri". Amravati is one of the best educational centers in central India.

It is located on the NH6 and is 155 km from Nagpur. It is also on Mumbai - Kolkata railway trunk- route via Nagpur. The railway station is Badnera, Jn., suburb of Amravati. A well known Temple of Goddess Ambadevi and Goddess Ekvira is pride of Amravati.

Location : The college is spread over an area of 11.64 acres and is located in the heart of city with an easy transport facility. It is at a distance of 2 km. from Bus station and Amravati Rly station and 155 km. from Nagpur Airport.
